Subject: Media Activity Update

EC- below is a brief list of recent media inquiries we've been working on, for your information. If you have any questions let me know. Thanks!

Carolyn

- Worked with NHEERL on an interview request from Moises Velasquez-Manoff with *NYT* for Haiyan Tong on fish oil supplements and cardiovascular effects from wildfires. Our response didn't go on time, but the story, which mentioned NHEERL's study, ran on 10/19.
- Worked with NCEA and OAR to respond to questions on air pollution and the request for correction for chloroprene for *CNN's* Chris Lett. The story ran on October 20
- Working with NRMRL on an interview request for Rich Baldauf on highway sound walls from Meryl Davids Landau with *Undark*
- Worked with OPARM and deferred on an inquiry on R&D contract reduction for *Bloomberg's* Christopher Flavelle
- Working with NCEA on an interview request for John Vandenberg on scientific review for NAAQS for *Science's* Susan Cosier
- Worked with OPA on sending a statement on EPA's role in the GenX situation in NC for Carey Gough with *WNCN*
- Worked with NHEERL's Paul Mayer on responding to a request on environmental effects of road salt for *Boston Globe's* Matt Rocheleau
- Work with NERL on updating our desk statement to include information on the latest round of PFAS data sent to NCDEQ
